

PUBLIC LEDGER

WEEKLY REPUBLICAN—1887.
DAILY PUBLIC LEDGER—1888.

MAYSVILLE, KY., SATURDAY, NOVEMBER 25, 1905.

ONE COPY—ONE CENT.

The LEDGER delights in obliging its friends. It prints "Help Wanted," "Situations Wanted," "Lost" and "Found" notices free of charge; and as it costs you nothing for such service, don't you think it is as little as you can do to write the copy and either bring or send it to the office?

If you have an item of news, please call up the Ledger, Telephone 33, and let me have it.

Dr. Henry M. Scudder of Carlisle will preach at the Central Presbyterian Church tomorrow morning and evening. Mr. Pickett Chung will sing a solo at the morning service.

Why send away from home for goods when we will furnish goods of same quality for prices charged by these catalogue houses, and in many instances for less money? Bring your catalogues and compare our prices.

P. J. MURPHY, the Jeweler.

The Elks Minstrels, under the direction of Mr. Frank Fogerty, have reached a climax in which the boys think that they have the best amateur show ever put on in Maysville and they ask all of their friends and the people of Maysville to turn out next Tuesday, November 28th, and be convinced. On account of the heavy expense incurred they have been compelled to put the price at Parquette \$1, Dress Circle '75c, Balcony '50c, Gallery '25c, but they will guarantee the production equal to the very best produced in Minstrelsy. Seats on sale at Ray's Monday morning at 7 o'clock.

BURLEY ASSOCIATION BUSTED

President Stuart Makes the Formal Announcement of Failure, and Says It is Due to the Nonsupport of the Farmers.

"I told you so!"

CINCINNATI, O., November 24th, 1905.
To the Editor of the Public Ledger, Maysville, Ky.—Dear Sir: The Burley Tobacco movement has failed on account of the lack of interest on the part of the growers in signing up their tobacco. If you desire to say anything about the subject we would like to have the facts stated as they really are, and with that in view have sent you a copy of the statement that we are sending to all the other interior papers.

If you are disposed to publish the same without any expense to the Company should be glad to have you do so. Yours truly,
THE KENTUCKY AND OHIO BURLEY TOBACCO GROWERS CO. A. STUART, President.

CINCINNATI, Nov. 24th, 1905.

To the Burley Tobacco Growers of the White Burley District: It becomes our duty to make the following announcement—

"It is so evident that the farmers and growers do not intend to accept the proposition made to them in Contract A by this Company, that it is useless to waste either time or money in publishing it further.

"On September 27th this Company was incorporated and organized for business. Since that date the work has been pushed with vigor and unflagging energy. The entire district has been thoroughly canvassed and the grower informed and instructed as to the intent and meaning, the objects and purposes of organization, and that it would be a permanent protection to all the growers of White Burley tobacco.

"The financial arrangements were made as far back as last July to pay for this tobacco; public and county meetings held all through the heart of the Burley District; the plans and object fully explained; 60,000 letters were sent to the growers, and every grower's name and address was obtained and he was fully instructed and informed.

"A blank form of Contract A was sent to every grower, more than 41,000 in number, together with letters of instruction and urgent appeal to sign and return to this company. Contract A clearly set forth all the prices, terms and conditions, promising an average grading of at least 10 cents on the crop. It seems that either the price or terms, or both, were not satisfactory, as the responses are a strong indication that the growers most emphatically decline to accept them.

"There is no other conclusion to arrive at, for the reason that we spent all the money and labor necessary to reach every grower with a copy of Contract A for him to sign, and a very large majority of them have declined, as is shown by the report below.

"A proposition embracing so many desirable benefits and so well calculated to meet the pressing circumstances that now confront the grower was never before submitted. Ten dollars per hundred average was promised the grower for the entire output of the burley tobacco.

The ladies of the First Presbyterian Church will hold their annual Thanksgiving Sale at 10 o'clock on Wednesday 29th at the Church.

Dr. H. K. Adamson has an invitation and will probably attend the one hundred and second meeting of the Caledonian Society of the State College at Lexington.

It is said the race between Dr. W. S. Yazell, present incumbent, and Dr. S. R. Harover, both well known physicians, for City Physician, will be a close one. This official is elected by a majority of the votes of the City Council.

J. F. Hawn, Revenue Agent of the State at Large, has filed suits in the Mason County Court for back taxes for one year against Poyntz Bros. for \$300,000 worth of whisky, and the same amount against the H. E. Pogue Distillery Co., and one against J. H. Rogers & Co. for \$65,000.

At a regular meeting last night Limestone Lodge No. 36, K. of P., elected the following officers for the ensuing term—

C. C.—Duke White.
V. C.—W. O. Colbran.
Prelate—Harry Tolles.
M. at A.—Rollie Owens.
I. G.—W. H. Jones.
O. G.—Joseph F. Thompson.
M. of W—H. L. Walsh.

K. of R. S.—J. L. Chamberlain.
M. of F—J. Wesley Lee.
M. of E—John C. Lovel.

Mr. Henry A. Deneen, one of Louisville's most prominent citizens, died Thursday.

Rev. Robert H. Tolles is to preach the Thanksgiving Sermon at Falmouth next Thursday.

The Mason Circuit Court has confirmed the sale of Mr. O. G. Callahan's lands by C. M. Lee, Assessor. The estate will soon be ready for distribution and settlement.

A petition to have the Winton Lumber and Manufacturing Company of Morehead, Rowan county, declared bankrupt has been filed in the United States District Court at Covington. One of the petitioning creditors is Mr. George B. Caywood of Morehead, who has a claim for \$100.

MAYOR BARTH of Louisville will have poor excuse for not knowing what is going on in his town. He has appointed Colonel JONZ D. WAKEFIELD, a real newspaperman, a member of his Cabinet. For "finding out things," Mr. WAKEFIELD is easily worth a brigade of Detectives.

The report of the Chief Examiner, just made public, shows that of the 116,019 persons who last year passed the Civil Service examinations, only 39,423 got the job. It would be fun a mile to hear the opinions of the 76,596 fellows who will have to go over the whole thing again next year.

The world has seen few more magnificent naval spectacles, says The Times-Star, than the one to which New Yorkers were treated the other day when the squadron of big British armored cruisers under command of Prince Louis of Battenberg went to sea, followed soon after by the big American North Atlantic fleet, commanded by "Fighting Bob" Evans. The British fleet, as it steamed past the Battery, consisted of six of the biggest armored cruisers in the world; in the American fleet were four cruisers of the same class, in addition to seven first class battleships. It was one of the greatest displays of naval power that an American city has ever seen—by the ships of two Nations which will soon be generally recognized as the two greatest naval powers in the world.

FACTS ABOUT THE JEWS

This Week They Are Celebrating the Anniversary of Settlement in America

The first Jew to settle in America arrived 250 years ago. Upon the Portuguese conquest of Brazil, from the Dutch, the Jews left the country and went to New Amsterdam in 1655 on a ship called the "Caterina."

Luis De Tordes, a Jew, sailed with Columbus and touched at the West Indies and South America.

Jews settled in these islands and in South America before coming to North America.

The next Jewish settlement was in Newport, R. I.

There are now estimated to be 1,400,000 Jews in America. Immigration from Russia is rapidly swelling this total.

The Jews fought in all American wars. There were 7,000 who enlisted for the rebellion.

The Jews are now an integral part of the population of the United States, and have a powerful influence on commerce, art and society.

"I wore a supporter for four years, to keep my womb in place, and it did not help me before I [sic] wrote Mrs. G. J. Christian, of Maysville, Ky. My doctor told me to get rid of it, and I did, and suffered no misery, and could walk and take two bottles of Cardui gave me my support. Now I am well and strong, and have had half a day at a time. I strongly recommend Cardui to every suffering woman."

THE HON. J. H. HAZELRIGG, Democrat and ex-Chief Justice of Kentucky, was one of the speakers at a recent banquet in Winchester; and among other things said by him was this—

"If we expect Kentucky to attain the position she is entitled to, we must stop stealing elections."

And The Sun-Sentinel says he said it in the presence of a hundred Democrats, some of them from Louisville, and escaped without injury.

AT Newport Circuit Judge BERRY rendered a decision in a matter of special importance to both Union and non-Union labor. The case at issue was brought by Attorney HORACE Root for the Master Painters Association of Campbell County, to test the constitutionality of the ordinance which gave preference to Union Labor in all city contracts. The question arose when the Board of Police and Fire Commissioners awarded the contract for painting the Fourth Street Fire Engine House, a member of the Master Painters Association claiming he was discriminated against because he did not employ Union labor. After hearing arguments on both sides, the Court decided that in excluding non-Union labor, it tended to stifle competition and had a tendency to prevent the city from getting the lowest bids; that it was against public policy and the interests of taxpayers, and held the ordinance was void.

The excursion boat Florence J. Torrence has been bought by the management of the Coney Island trade to run opposite the Island Queen next summer. The boat has been plying around the pools at Pittsburgh for several years.

The management of the Cincinnati, Pomeroy and Charleston Packet Company has rearranged the schedule of the boats of that line. The schedule is as follows: Monday, Henry M. Captain W. H. Christian has seen active service on the big Snagboat H. A. Woodruff thirty-two years. He drafted the model of the boat in 1873, and the next year the keel was laid on the banks of the Licking opposite Cincinnati. Deafness Cannot be Cured

by local applications, as they can not reach the diseased portion of the ear. There is only one way to cure deafness and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Italy's Catarrh Cure. Send for circulars free.

Wail of the Weary

APPEAL TO THE FARMERS.

The farmers of the White Burley District have been for many years hopelessly trying some plan to regulate the price of their tobacco, and all plans heretofore submitted to the growers have proven impracticable. In the year 1904 the Burley Association failed after 75% or more of the growers signed up to them, on account of having no funds to pay for it, but the present plan, now being organized in most every county in the White Burley District, to sow no seed in the year 1906 or raising no tobacco, is the only feasible one ever been submitted. It is an unquestioned fact that the price would advance to double or more on what they now have on hand. We don't have to go to Wall street to finance the deal, no waiting in suspense to see if Mr. So and So have made the deal, no answer coming back wanting more tobacco signed up and more stock subscribed. No, no, Mr. Farmer, raise no tobacco and you have made the deal, and all you have to do is to price your tobacco, and be sure you price it high enough.

We are not asking you to put up any money, no 10% to pay expenses. All we ask is to sign the proposition of raising no tobacco in the year 1906 and help yourself more than you ever did before.

Brother Farmer, you have no legitimate reason for not signing the contract. You only obligate yourself not to raise any tobacco in 1906, provided that 90% of the growers in the White Burley District sign. You are at liberty to sell any time you wish and every tobacco grower and most everybody else will reap a benefit. Plenty of money in circulation makes good times.

The tenant derives as much benefit, if not more, than the landlord, as this contract does not alter or change the contract that he has made, only on raising tobacco. The ground that he intended to plant in tobacco the landlord will allow him to raise in corn or anything else if he can make money out of it. The landlord will need more corn because he will have more

hogs and cattle if no tobacco is raised. As far as the tenant getting work, the landlord can and, I think, will, furnish all he will do, because if you take a ride over the country and see bad fencing and many farms you can ride on horse back from one end to the other and it will not put you to any inconvenience to lay the fencing down to get over. You will not have to hold your tobacco longer than May 1st until the speculators or tobacco men and manufacturers see it is to late to sow seed and if you should be out in the road they will almost run over you to get to your barn first.

The solicitors will be around to see you next week sometime and don't stop and argue with them. Sign up and reap the reward.

THE GAME LAW

There Seems to Be Some Mistake About Sale of Quail

THE LEDGER has heard repeated statements that it is forbidden to sell quail in the open market in this city.

Here is what the Statutes say—

"§ 1944.—No person shall catch, kill, or pursue with such intent, or have the same in possession after it has been caught or killed, any quail, partridge or pheasant, between the first day of January and the fifteenth day of November in each year."

And here's what Section 1947 says—

"§ 1947.—No person shall at any time catch, kill, or take by means of net, trap, box or snare, or have in possession after having been so caught, killed or taken, any quail, partridge or pheasant."

To a layman, this looks like the absolute prohibition of the sale of quail applies only to those "netted" or "trapped," and has no reference to those killed by gun, dog or club.
